### Education

#### PUCIT, UNIVERSITY OF THE PUNJAB, LAHORE (3.68/4.00)

Bachelors in Computer Science

Lahore, Punjab

2019 - Present

#### PUNJAB COLLEGE OKARA (90.5%)

Intermediate in Computer Science (ICS) \*Position Holder in BISE Sahiwal

Okara, Punjab

2017-2019

### Technical Skills

- **Programming and Development:** C, C++, Python, Java, Swift, WordPress
- **Tools:** GDB
- **Others:** Business Communication, Team Work, Networking, Leadership

### Professional Experience

#### Fiverr.com

Lahore, Pakistan

Freelance Developer : Oct 2019 – Present

Services: SwiftUI Developer • C/C++ Developer • WordPress Developer

### Projects

#### Linux more and ls utilities

Using the C language, I tried to design the `ls` and `more` commands. [Project Link](#)

#### TCP Web Server using sockets

A simple TCP Web Server which listens to http requests ( as for now only for the GET method) and sends back a simple response to the client. [Project Link](#)

#### Linux Shell

Using C language I tried to design my own shell that will perform basic shell operations. As for now I have not implemented shell scripting in it, but of course will add later. [Project Link \(Under Construction\)](#)

#### Hack Assembler

A 16-bit machine language assembler for the 16-bit Hack Assembly Language [Project Link](#)

#### Image Processing in C++

An image processing program that reads an ASCII P2 form of PGM image format and performs some image processing operations on it, like rotate, scale, horizontal and vertical flip and invert. [Project Link](#)

#### iOS Applications written in SwiftUI

I have some iOS applications written purely in SwiftUI in the MVC model. [Project Link](#)

- TicTacToe
- Wheel Information app
- Cool Beans

### Extracurricular & Volunteer Experience

#### Google Developer Student Clubs, PUCIT

Lahore, Pakistan

Google Developer Student Clubs are university-based community groups for students interested in Google developer technologies.
